

As wild as you want it to be...

Bout de Côte is a wild and natural oasis tucked away in an area known as the Garden of the Segala, where the Massif Central meets the Dordogne. If you like nature, outdoor sports, medieval history and gastronomy, then you've probably been near here before.

No matter what your level of experience, whether this is your first step into the wild, or you are an experienced outdoorsman, we match the pace of the activities to suit you. It is your holiday after all.

All our courses are adapted to you to help you have fun in the fantastic environment of Bout de Cote.

Whether your interest is in nature awareness or acquiring a traditional craft skill, we will guide you safely and at your own pace.

On our archery courses, for example, we will teach you how to shoot like a champion or, if you are one already, you could go into the woods to experience the thrill of the bow hunt (without harming animals). You could even make your own arrows...

With the help of one of Britain's leading outdoor schools, we have been able to create a programme of events and activities we are sure will not only leave you with a deeper understanding and appreciation of the natural world, crafts, and country skills, but motivate you to continue learning and developing the skills you have learned.

Feel free to discuss with us as an individual or group how we can help you appreciate and feel comfortable in the great outdoors.

Camping Sauvage Bout de Côte

We offer a range of activities and courses. Please feel free to mix and match these to make the best of your time with us. Most of the activities can be completed in half a day but we are happy to spend longer if there is something that interests you.
